

The World Record of paper plane

There are a lot of games under the various gauges in paper plane it's possible that set up the world record with respectively.

It had provided rule that not cut or paste in Japan Origami Airplane Association.

There are a lot of groups be invested by individual rule. Some groups make paper plane from cut and paste a pattern, other are invested by rule of middle these and our association.

However, the rule was admitted in the world is Guinness rule. It is proper to the Guinness record is world record.

Chairman Takuo Toda challenged the duration of flight rest Guinness rule on 11 April 2009 and he recorded 27.9 second. He broke Mr. Ken Blackburn's record 27.6 second.

Below is summary of Guinness rule.

1. Use A4 size paper.
2. It is free to cut, but can't paste it.
3. It is disapproval to paste, can use tape, total 30mm or less.
4. Be time from throw on floor to fall floor in windless room.
5. Measurement and judge are each 2 persons and it is necessary that testimony to not concern with challenger.
6. To throw keeping both legs touch on floor, it is breach to throw state jump.
